## TRAVELING DAY CAMP EXISTS TO...

---

Bring the power of camp ministry to your community. Heartland Camps first began with our overnight programs 61 years ago. Fifty-two years later, we started traveling day camp, to make outdoor ministry more accessible. Barriers such as cost for families and driving distance dissolved. So what makes day camp at your church so great? Day camp gives the opportunity, for your congregation in partnership with Heartland staff, to build relationships and impact lives with the children in your community. The greatest gift of this is time spent together. Whether you are dodging sponges in a water war or singing in worship to God, the moments you will share with your campers are undeniably holy.
